

EXPLORE LEARN ACT

BECOME A YOUNG EXPLORER

Keen to explore the most awesome places on earth while learning how to preserve our planet? Simply join the Pangaea Young Explorers Programme!

EXPLORE, LEARN, ACT

The Young Explorers Programme is initiated by Mike Horn – the world’s most experienced solo adventurer and global explorer that has seen first-hand all the perils that face our planet!

As a passionate explorer, Mike Horn knows that our future lies in the hands of our youth. Because of this, he invites all fit youngsters aged between 15 and 20, from all over the world to join various exciting expeditions of the Young Explorers Programme. The programme has three simple goals:

TO EXPLORE the world’s unique and most remote places.

TO LEARN about environmental challenges with specialists and the help of local people.

TO ACT by participating in local environmental and social community projects.

MAKE A DIFFERENCE!

Every expedition combines fun and facts and will equip you with unforgettable, life-changing experiences and a clear understanding of the issues that face our environment.

This invaluable know-how will make you a proud ambassador of our planet and you can use and share it with everyone in your community. Remember we need as many inspired people as possible to help protect and preserve our planet!

* Subject to change

KEEN TO APPLY?

Applying to join the Young Explorers Programme is easy! Just visit the Mike Horn website at www.mikehorn.com and click through to the Young Explorers Programme (YEP) and follow the simple steps.

WHAT DO OTHER YOUNG EXPLORERS HAVE TO SAY?

- "The most important life lesson I learnt from Mike is that we, the youth, can really do it. If we all work together for one goal we can reach it. We can make this world a better place to live."
Michelle Nay, 19, Switzerland, Malaysia Expedition, Oct. '09
- "I'm a city born and bred, only after the Pangaea Expedition did I found out the unique beauty of nature. I'm seeking ways to preserve the nature amid China's dramatic urbanism. I don't intend to stop people making progress but to do it in a healthy way, especially in an eco-friendly way."
Jun Lee, 17, China, New Zealand Expedition, May. '09
- "This experience has changed the way I see the world. Today, I realize how we depend on nature and how we destroy it as well. After this experience I will be a leader, leading by example, and I will be the first one to take the step."
Rodrigo Neves Steinman, 16, Brasil, Malaysia Expedition Oct. '09
